**Report of the Forest Administration in H.E.H.
the Nizam's Dominions, for the year 1340 F.
(6th October 1930 to 6th October 1931).**

**CHAPTER I.
CONSTITUTION OF STATE FORESTS.**

1. Reserved Forests.

The forest settlement work is making steady progress.

Four forest blocks—one in Medak and three in Nanded Division—have been declared “reserves” under section 18 of the Forest Act.

This is the first occasion that a reserve area is being shown in the Annual Report.

As there are only four reserved forest blocks, Form No. 1 has not been appended to the report.

2. Protected Forests.

3. At the close of the year there were 7,629·52 square miles of protected forest under control of the department against 7,544·68 square miles of last year. The increase is due to partly to the rectification of area according to maps prepared by Survey of India Party in Asafabad and Nirmal Divisions and partly to addition of nine forest blocks which were notified under section 7 of Forest Act and transferred from Form No. 3—Open forests. The total increase is 84·94 square miles.

[Statement

The following statement gives the details of changes that have occurred:—

Division		Increase Sq. M.	Decrease Sq. M.	Remarks
1	2	3	4	
<i>Eastern Circle.</i>				
Warangal	0.25		Exclusion of patta area.
Karminagar	.. (a) 3.48	(b) 0.01		(a) Notified by Government under Section 7 of the Forest Act and hence transferred from Form No. 3.
Nizamabad	.. (a) 1.35	..		
Medak	(c) 4.06		
Nalgonda	.. (a) 2.12	..		(b) Rectification of area.
Total	.. 9.15	4.82		(c) Notified by Government under Section 18 of the Forest Act and hence transferred to Form No. 1
<i>Western Circle.</i>				
Asafabad	.. (d) 87.82	(d) 14.38		(d) Rectification of area according to maps prepared by Survey of India Party.
Nirmal (d) 3.80	..		
Mahbubnagar	.. (a) 5.28	..		
Aurangabad	.. (a) 1.16	(b) 2.49		
Nanded	.. (a) 2.25	(c) 4.24		
Gulbarga (a) 1.56	..		
Total	.. 181.82	21.71		
Grand Total	.. 110.77	26.08		

3. Open Forests.

3. The total forest area of 2,087.53 square miles was reduced to 2,061.65 square miles during the year under report. Nine blocks with an area of 19.35 square

miles in Karimnagar, Nizamabad, Nalgonda, Mahbubnagar, Aurangabad, Nanded and Gulbarga Divisions were transferred to Form No. 2 protected forest—by being notified under section 7 of the Forest Act. The rest of the changes are due to rectification of area in proposed reserves. The following statement shows the alterations in areas of open forests:—

Division	Forest	Decrease	Remarks
1	2	3	4
<i>Eastern Circle</i>			
Warangal	(a) 0.35	(a) 0.35	a) Rectification of area.
Khammam	(a) 0.06	(a) 4.45	b) Notified by Government under Section 7 of the Forest Act and hence transferred to Form No. 2.
Karimnagar	(b) 5.18	
Nizamabad	(b) 1.55	
Nalgonda	(b) 2.12	
Total E. C. ..	0.06	13.05	
<i>Western Circle.</i>			
Mahbubnagar	(b) 5.23	
Aurangabad	(a) 6.30	(a) 7.04	
Nanded	(a) 0.05	
Gulbarga	(b) 1.56	
Total W. C. ..	5.30	17.29	
Grand total ..	5.36	31.24	
Total decrease in aggregate is 25.88 sq. miles.			

4. (a) Village forests.

4. Very little progress has been made in this direction except that one block "Marpadga" covering an area of 234 acres was sanctioned by Government as

village forest. 12,050 acres have been demarcated in our ranges of Kammamett Division.

The reason for the slow progress is due to the fact that areas suitable for village forest have been earmarked for colonisation purposes and besides the energies of the department have been devoted more to selection and reservation of forest areas.

In Asafabad Division, a great portion of area set apart in the past for village forest has been given away on patta. At present the local requirements of the division is met with by small areas of 50 to 100 acres of open forest being demarcated and sold until such time as the working plans of the forest within 16 miles radius of the Kazipett-Balharsha Railway under preparation, is completed.

(b) Forest Villages.

5. Proposals for two forest villages—Balrajguda and Chandraipallam of Khammamett Division were submitted to Government. Those for Jakaram of Warangal Division have been withheld for the present pending exclusion of areas for the colonisation of retired sepoys who took part in the Great War.

5. Forest Settlement.

6. The following four forest blocks have been constituted as "Reserved Forests" during the year under report:—

A P P E N D I X				
Division	Name of block	Acres	Sq. Mils.	Remarks
1	2	3	4	5
Medak	.. Ibrahimpattan	2 517	3 93	Govt. order No. 2202 dated 4-12-1340 F.
Nanded	.. Rameshwar	2,183	3 41	<i>Jamda</i> No. 10 dated 20-10-40 F.
	Sirhi	793	1 24	<i>Jamda</i> No. 19 dated 22-12-40 F.
	Patbhani Babul Ban	107	0 17	Do do
Total	.. 4	5 600	8 75	

Out of the three notifications submitted to Government last year for final sanction under section 18, that for Royanpalli was returned for modification which has been submitted again. Ibrahimpattan, as stated above, has been sanctioned; Wadiaram and Royanpalli are still pending sanction.

In the following seven blocks of 32,033 acres, Forest Settlement Officers have completed their enquiry and final notifications under section 18 have been submitted to Government for sanction.

Division.	Name of block.	Area in acres.
Medak	Chitapur	709
	Mohamadapur	2,446
Nizamabad	Bappalapalli	483
	Manikbhandar	1,248
Aurangabad	Malegaon	1,397
Nanded	Aundha	7,166
	Bhogaon	18,684
Total	7	32,033

The following nine forest blocks have been notified by Government for reservation under section 7 of the Forest Act:—

Division.	Name of block.	Area in acres.
Karimnagar	Raidandi	1,771
	Tatpalli	1,734
Nizamabad	Mosra	1,008
Nalgonda	Malkalpalli	865
	Kondur	470
Mahbubnagar	Somsil	3,357
Aurangabad	Madal-mohi	741
Nanded	Honda-sawargaon	1,439
Gulbarga	Shorapur	989
<hr/>		
Total	9	12,374

Undermentioned draft notifications were submitted to Government for sanction under section 7 of the Forest Act:—

Division.	No. of blocks.	Area in acres.
Khammamett	1	17,868
Nalgonda	1	8,527
Aurangabad	20	55,013
Gulbarga	1	1,742
<hr/>		
Total	23	83,150

Draft notification submitted during the year by the Divisional Forest Officers under section 7 of the Forest Act were:—

Division.	No. of blocks.	Area in acres.
Aurangabad	5	4,775
Mahbubnagar	1	473
Gulbarga	2	1,528
Warangal	2	10,095
<hr/>		
Total	10	16,871

- The undermentioned draft notifications were modified and re-submitted by the Divisional Forest Officers during the year:—

Division.	No. of blocks.	Area in acres.
Nirmal	5	26,671
Khanimamett	1	55,243
Gulbarga	1	Area not shown
Mahbubnagar	2	26,688
Total	12	..

The following forest blocks were re-submitted to Government under section 7 of the Forest Act after necessary corrections:—

Division.	No. of blocks.	Area in acres.
Aurangabad	15	68,329
Nanded	1	1,041
Gulbarga	1	2,244
Total	17	66,614

7. Form No. 4 appended to the report shows the condition of forest settlement at the close of the year.

8. The following table summarises progress of forest settlement work and number of notifications pending with various officers:—

Offices	1339 F.		1340 F.		INCREASE		DECREASE	
	No.	Area in acres	No.	Area in acres	No.	Area in acres	No.	Area in acres
1	2	3	4	5	6	7	8	9
Notifications published ..	120	365,487	132	379,808	12	14,321
Pending with Government ..	36	109,530	67	232,784	31	123,254
Received back from Govt. for correction and pending with Inspector-Genl. of Forests ..	39	132,745	10	63,365	29	69,
Pending with Inspector-General or Conservators ..	41	210,010	27	322,620	..	111,710	14	..
Pending with Taluqdars ..	87	953,035	108	1,294,350	21	341,315
Pending with D. F. Officers ..	111	2,318,975	99	1,723,480	18	535,

9. Mr. Khaja Altaf Hussain held the charge of Forest Settlement officer, Eastern Circle, during the year under report. He toured for 131 days in Warangal, Karimnagar and Nalgonda Districts, inspected 2,548 acres of land and decided 45 claims.

At present he has the following forest blocks along with those mentioned in para. 17 of last year's report for enquiry:—

Division.	Name of block.
Medak	Yeldurti
	Yedupail
Nizamabad	Yanampalli
	Ghanpur
Nalgonda	Rajavaram
	Nelabode
	Dilawarpur
	Gangadevigutta
	Paspubode
	Wazirabad.

In addition to the notifications detailed under para. 17 of the last year's report, the following are yet to be published in Jarida under section 10 of the Forest Act:—

Division.	Name of block.
Nizamabad	Mosra
Nalgonda	Sangalpalli
	Kondur
	Golkalpalli.

10. Mr. Abul Hassan Razvi worked as Forest Settlement Officer, Western Circle, till 20th Azar when he was relieved by Mr. Syed Khaja Mohiuddin who remained in charge of the Forest Settlement office, Western Circle, till the end of the year. He toured for 47 days in Gulbarga, Nanded and Aurangabad Division.

Final notification under section 18 are under completion for the following five blocks:—

Lachmasagar	
Bhunaspur	
Mylwar	of Gulbarga Division
Tirmalapur	
Kompalli.	

Final notifications under section 10 of the Forest Act for Kollur block of Nanded Division was prepared and sent to the Subadari of Aurangabad.

During the year under report only two forest blocks mentioned below were notified under section 10 of the Forest Act:—

Somsil of Mahbubnagar Division
Madal-mohi of Aurangabad Division.

Rs. 4,292 were distributed as compensation by the Forest Settlement Officer, Western Circle for lands taken in the reserves.

11. The work done by both the Forest Settlement officers during the year under report was:—

Division	No. of blocks allotted	Final notifications submitted under Sec. 19 of the Forest Act.		Claims put forward		Claims disposed of	
		1939 I.	1940 I.	1939 F.	1940 F.		
2	3	4	5	6	7	8	9
Warangal ..	1	7	..	4	3
Karimnagar ..	5	1	1	..
Nizamabad ..	10	3	..	15	..	1	14
Medak ..	46	15	..	65	..	39	26
Nalgonda ..	22	19	19
Central Eastern Circle ..	84	18	..	106	1	45	62
.. Nirmal ..	3	3	3
Mahbubnagar ..	3
Aurangabad ..	4	6	6
Nanded ..	17	4	1	72	3	..	75
Gulbarga ..	11	7	..	82	7	89	..
Central Western Circle ..	38	11	1	163	10	89	84

6. Demarcation.

(Form No. 5).

(a) External Boundary lines.

12. The total length of 121.18 miles of new external boundaries were demarcated during the year re:—

Division.	Length of line demarcated.
Karimnagar	14.48 miles
Nalgonda	4.70 "
Nirmal	78.37 "
Nanded	23.63 "
Total	121.18 miles.

13. 4,938·48 miles of old boundary lines were maintained at a cost of Rs. 1,912-7-7 and 5,752·84 miles were re-cleared by Forest Guards, thus making a total length of 9,781·32 miles of lines repaired.

14. 1,001 new pillars were erected at a total cost of Rs. 687-12-3 in Khammamett, Karimnagar, Nanded, Asafabad, Nalgonda and Nirmal divisions in addition to the repairs of the existing pillars.

(b) Boundary lines of enclosures.

15. 182·31 miles of enclosure lines were kept clear in Khammamett, Karimnagar, Nirmal and Mahbubnagar divisions.

7. Survey.

16. The Survey of India Party No. 7 worked in Raichur district of Gulbarga division.

The party have completed the forest survey of 6,747 square miles in the Dominions.

Local Survey.

17. In all the divisions, where systematic fellings are in progress, the Divisional Surveyors, Rangers and Special Dy. Rangers were employed in demarcating, mapping and surveying the annual coupes.

CHAPTER II.

MANAGEMENT OF STATE FORESTS.

(a) Preparation and control of working plans.

18. Two working plan parties were at work during the year.

19. Mr. Vasudeo Rao Nakhre held charge of Working Plans Party, Western Circle, from 1st Azur to end of Farwardi. During this period he inspected Kadamba and Garlapett forest blocks of Asafabad division in order to find out the stock of bamboos and feasibility for paper pulp industry. He spent 68 days in camp.

20. Mr. Syed Mahmood Razvi, Divisional Forest Officer, Nanded, was deputed on special duty for compiling working scheme for 26 blocks of Nanded division

scattered over six ranges covering an area of 23,497 acres: he was engaged on this work from 1st Bahmar to end of Farvardi and submitted a scheme which has been sent to Government for sanction.

He was placed in charge of Working Plans Party, Western Circle, from 1st Ardibehst when Mr. Nakhre was transferred to Nanded division. He spent 117 days in camp during the periods he was on special duty and in charge of Working Plans Party and reconnoitered forest areas in Rajura and Asafabad Taluqas. In Sharewar he had to come back to headquarters to work as P. A. to the Inspector-General of Forests for one month besides carrying on his own duties.

Total expenditure of this party (pay and allowances, etc., of officer and establishment) amounted to Rs. 16,432.

21. Mr. Vaman Rao remained in charge of the Working Plans Party, Eastern Circle, till the end of Khurdad. He reconnoitered the remaining portion of Arsikotta block of Karimnagar division which he could not finish last year.

22. Dr. Ghulam Mohiuddin took charge of the party on the 3rd Thir. He spent 12 days in camp (out of 151 days he was in charge of the party) in inspecting the forests of Manthani block of Karimnagar division in connection with the revision of its felling scheme. His insufficient touring is partly due to timber seasoning work placed in his charge at the Mint.

Total expenditure of this party (pay and allowances, etc., officer and establishment) amounted to Rs. 11,581.

23. The revised working plan report for Gubbagurti forests of Khammamett division submitted to Government last year has not yet been sanctioned.

24. Total area under sanctioned working plans or schemes at the close of the year was 970,353 acres. At present the area under systematic working is only 15.63 per cent. of the total forest area. Most of the forests close to railways, produce of which can be transported to centres of consumption, have been brought under

working, others are worked to supply local demands such as timber for agricultural implements, buildings and fuel. Areas of forest far from centres of consumption for which no demand exists for want of communication are simply being conserved until such time as a demand arises.

25. Mr. Edwards, Divisional Forest Officer, Mahabubnagar, prepared a working plan of the Anrahad forests covering an area of 30,000 acres and a felling scheme for three reserves of the Sani-Khis forests. He has also prepared working plan for Balmore forests covering an area of 31,988 acres which is under scrutiny with the Inspector-General of Forests.

26. In Khammamett division, sanctioned working plan of Annapreddipalli was kept in abeyance pending revision except as regards bamboo coupes which are sold. The sanctioned working plan of Jamapur was found unworkable in spite of reversing the sequence of coupes due to the hilly nature of the country, poorness of crop and difficulty of extraction.

27. In Karimnagar, working scheme for Aknoor block (area 4,896 acres) was prepared by Mr. Abdul Aziz Khan, Sub-Assistant Conservator and submitted to the Inspector-General of Forests.

28. The working scheme for Chotkur block in Medak division was modified by the Divisional Forest Officer, Medak.

29. Prescription of the sanctioned working plans or schemes were generally adhered to excepting that in some of the divisions, few coupes could not be sold owing to trade depression and hard economic conditions.

(b) Plans of Operations.

30. Generally speaking prescriptions of the plans of operations were mostly carried out in all the divisions except

(a) In Tadcherla and Mahadoopur ranges of Karimnagar division auction of 3 coupes was withheld for want of demand.

(b) In Aurangabad division some of the prescriptions were not satisfactorily carried out.

(c) In Mahhubnagar division, out of the 64 coupes sold in the division, 24 were partly felled and 22 remained unfelled due to slump in trade and scarcity of money.

(d) The following works were not carried out in Gulbarga division:—

1. External demarcation of Peddamal, Bhirmal, Singapur, Bhunaspur, Chimanchole, Pastapur and Ramangode blocks of Chincholi Range.
2. Cleaning of coupes of Bodangal, and
3. Clearing of boundary line of Gangawati block of Lingsugur Range.

(e) In Warangal division, auction of some of the annual coupes was withheld on account of boundary dispute and lack of demand.

(c) Communications and Buildings.

(i) Roads.

31. In Khammamett division, cart-track from Kothaguda to Annapreddipalli and another from Annapreddipalli to Ashwaraopett Khammam Road via Rudrajipalli were made motorable departmentally at a cost of Rs. 200.

32. In Nanded division, a road from Nanded to Hingoli and another from Parbhani to Jintur was under construction by the P.W.D. Department.

33. The road from Medak to Jogipett is constructed, another one from Medak to Siddipett via Nizampett is almost complete. A road from Medak to Narsapur is under construction by the P. W. Department. All these roads will be useful for extraction of forest produce from the surrounding blocks of forests.

(2) Buildings.

(a) Departmental.

34. In Karimnagar, Rs. 25 were spent on repairs to Range office at Jagtial similarly Rs. 25 in Nanded for repairs of Basmath Range office.

- In Gulbarga division, a Chowki at Rasnam, Kodangal Range is under construction for which a sum of Rs. 200 has been sanctioned.

In Asafabad division, ten forest inspection cottages in different ranges were constructed during the year.

A well was sunk in the Banswada Range office compound (Nizamabad division) at a cost of Rs. 154-2-0.

In Khammamett division, one pucca room was added to Karepalli Range office at a cost of Rs. 146-12-8. Rs. 200 were spent for Shahbad flooring to Kothaguda Range office.

(b) P. W. Department.

35. The Mudkhed Range office was completed in Nanded division and the building was handed over to the department. The construction of Range office at Jintur has been commenced during the year.

PROTECTION OF FORESTS.

(a) General protection.

(Form No. 9).

36. Altogether 3,765 cases of forest offences have been reported during the year against 3,655, showing an increase of 110 cases in Mahbubnagar, Warangal, Nirmal, Aurangabad, Asafabad, Medak and Nalgonda divisions.

In Asafabad, the increase in number of new cases is due to old cases being brought to light.

In Nirmal division, the increase in forests cases is ascribed to the poverty of the ryots.

The increase in Mahbubnagar and Nalgonda divisions is attributed to better supervision.

In Aurangabad division, increase is attributed to unsatisfactory protection in Bhokardan and Kannad ranges.

In Warangal division, increase is chiefly in Mahbubabad range and is due to the Ranger being in charge of the Forest School and had little time to attend to his

duties. The ryots consequently found a free field for illicit fellings. This has now been rectified by placing a Ranger in charge of Mahbubabad range.

37. The following abstract compares the number of cases dealt with in 1339 and 1340 F.:—

Year	Cases pending at the commencement of the year	New cases of the year	Total	Cases disposed of	Cases pending disposal
1	2	3	4	5	6
1339 F. ..	5,063	3,635	8,717	3,554	5,153
1340 F. ..	5,163	3,765	8,928	3,923	5,905
Difference	101	110	211	369	158

38. The fines recovered during the year amounted to Rs. 46,777 against Rs. 51,674 of the last year.

39. The average incidence per case during the year under report has fallen from Rs. 16 in the last year to Rs. 13. It varies between Rs. 6 and Rs. 25 per case whereas the minimum and maximum amount in the previous year was Rs. 5 and Rs. 38.

40. Incidence was higher than the average in Nizamabad, Karimnagar, Nirmal, Khammamett, Nanded and Gulbarga divisions.

[Statement

11. The following table shows the progress in disposal of cases as compared with last year's figures:—

Division	Percentage of cases disposed of out of total No. of cases pending disposal.	
	1339 F.	1340 F.
Warangal	75·26	85·59
Khammamett	55·37	82·86
Karimnagar	36·40	38·00
Nizamabad	27·71	24·14
Medak	96·59	97·81
Nalgonda	47·98	53·98
Asafabad	27·28	43·61
Nirmal	40·58	36·29
Mahbubnagar	60·18	65·10
Aurangabad	41·82	55·67
Nanded	18·61	11·99
Gulbarga	39·68	35·50

Results of progress in disposal of cases are satisfactory in Medak, Warangal and Mahbubnagar; fair in Aurangabad, Nalgonda and Khammamett divisions; unsatisfactory in Asafabad, Karimnagar, Nirmal and Gulbarga divisions and very unsatisfactory in Nanded and Nizamabad divisions.

42. Total acquittals in departmental enquiry or Criminal Courts during the year were 227 against 363 in the previous year.

43. Form No. 9 (a) gives details of cases of forest offences prosecuted in Criminal Courts.

44. There were three criminal cases pending at the commencement of the year to which eight new cases were added thus making a total of eleven cases. Out of these 11 cases, conviction was obtained in one, and in five cases the accused were discharged or acquitted. There were five cases pending at the close of the year.

45. One case was taken to Court in Karimnagar division.

(b) Protection from Fire.**(Form No. 10).**

46. The area attempted to be fire protected during the year was 393,517 acres against 354,938 acres of the last year. An area of 40,447 acres is reported to have been burnt leaving 553,570 acres as actually protected.

47. The total expenditure on fire protection amounted to Rs. 7,593-15-0 as against Rs. 5,960-14-11 in the previous year.

48. No fires occurred in Nalgonda division.

In Khammamett division, the origin of fires is ascribed to coolies of the Deccan Mining Company carrying naked lights while going to and coming from pits to villages.

Fires were accidental in Jagtial and Tadcherla ranges of Karimnagar division.

In Mahbubnagar division, the origin of fire was attributed to carelessness of coupe contractors.

49. No fire protection work was undertaken in Asafabad division as systematic fellings have not yet been started here.

[Statement

50. The following table compares percentage of success and cost per 100 acres of actually fire protected area in different divisions during 1339 and 1340 F.:—

DIVISION		PERCENTAGE OF SUCCESS		COST PER 100 ACRES ACTUALLY PROTECTED	
		1339 F.	1340 F.	1339 F.	1340 F.
1		2	3	4	5
Wanangal	..	81.94	80.98	1 6 3	1 9 2
Khammamett	..	90.68	95.82	0 7 2	0 12 7
Kannuragar	..	79.39	98.31	2 1 5	1 15 7
Nizamabad	..	98.95	98.30	0 9 0	8 9 0
Medak	96.29	95.00	1 6 8	1 5 6
Nalgonda	..	100.00	100.00	2 15 6	3 0 9
Asafabad
Nirmal	100.90	71.95	1 3 11	2 1 2
Mahbubnagar	..	99.58	99.23	0 3 8	0 14 8
Aurangabad	..	98.15	90.44	1 6 3	..
Nanded	100.00	91.61	0 14 4	0 11 10
Gulbarga..	..	97.76	97.44	1 8 7	1 9 3
General percentage	..	92.70	93.10	1 2 6	1 5 1

The most satisfactory results achieved in Nalgonda and the least in Nirmal division. The incidence of cost was highest in Nalgonda and lowest in Nizamabad division.

(c) Protection from Cattle.

(Form No. 11).

51. Out of the total area of 76.89 square miles of protected forests, 366.93 square miles or 4.81 per cent. were entirely closed to grazing of cattle.

52. The area of forest totally closed to grazing rose from 296·09 sq. miles of the past year to 366·95 sq. miles. The area closed to all animals for a part of the year was 50·60 sq. miles against 48·91 sq. miles in the last year. The area closed to grazing of goats only throughout the year and the area open to all animals were 4,305·76 and 3,793·33 sq. miles respectively against 8,705·40 and 2,533·56 sq. miles in the previous year.

53. The following statement gives a summary of forms No. 11 and 12 as compared with the previous year:—

	1339 F.	1340 F.
1. Area closed to grazing for the whole year	220,800	234,848 acres
2. Percentage of the closed area to the total area of the protected forests.	4·87	4·83
3. Total area kept open to grazing ..	5,272,934	5,183,418 acres
4. Percentage of the total area kept open for grazing to the total forest area of the Dominions.	95·43	95·47
5. Total number of animals grazed at full rates in cow units	1,362,297	1,104,727
6. Total number of animals allowed free grazing in cow units
7. Incidence of grazing per head in acres.	3·87	4·69

[Statement.]

Form No. 12.

54. The total grazing revenue realised during the year amounted to Rs. 743,458 against Rs. 1,029,136 in the previous year as detailed below :—

Agency	1339 F	1340 F	Difference
1	2	3	4
Through Forest Department ..	345,640	551,796	- 88,856
Through Revenue Department ..	503,490	591,660	- 201,850
Total ..	1,029,136	743,458	285,678

There has been a decrease in all the divisions of grazing fees collected by the department as well as grazing cess. Grazing cess which was levied at the rate of 6 pies in the rupee of land revenue for grazing on land outside protected forest, was abolished in 1340 through Government Order No. 619/620, dated 25 Ardibehist 1340 F.

The decrease in grazing fees is attributed to the following causes:—

1. Epidemics of cattle disease.
2. Refund of excess fees collected last year.
3. Decrease in tax paying capacity of the ryots.
4. Export of cattle for trade from Mahadoop range of Karimnagar division.

(d) Protection against injuries from natural causes

55. In Nirmal division, teak defoliator has been harmful. Probable cause for extraordinary activity of the caterpillar was heavy rainfall and a comparative early outbreak of monsoon. The defoliators were identified as the larvæ of *Hyblæ puera*.

No measures for the control of such damage have been undertaken in the face of more prominent damage brought about by man, i.e., illicit fellings (*Boswellia serrata*), Kondagagu (*Cochlospermum*) and isolated teak were specially to windfalls.

During rainy season, old parts of teak and other trees were observed to harbour "fomes" within resultant fructification very much annoy; (2) teak growing in forests were seen attacked with white powder on green parts, probably a mildew; (3) Accidents are usually seen bearing on trunks fructification or three kinds of fomes. Harm done by them was however relatively negligible.

56. In Nizamabad division, injuries due to insect causes are practically negligible. In Hajipur Manchippa Range, a portion of the forest near Nasarullabad, consisting of pure teak is attacked by defoliators. It appears that the same area are attacked year after year by the insect of which they have produced many epicorms and have become more or less stunted as putting on their normal increment. The insect has been identified but it is likely that it is either species—*Hyblaea puera* or *Pyrusta machaera* Lepidopterous order. The problem is intensifying and will be investigated in the course of next year.

57. During the last week of Farwar damage was done by a strong hurricane accompanied with a hailstorm in Arsikota block (sub block Rangapett and Dontapur of Jagtial Range, I Division). The main direction of hurricane was west to east and after a distance it deflected to the north and only the trees standing on a 6 furlongs wide were affected. The damage was over a vast area in protected and open forests. Good many trees were totally uprooted and crown broken off. Trees valued approximately Rs. 9,132 have been thus injured.

SYLVICULTURE. NATURAL REGENERATION.

Khammamett division.

58. Yeppa did not produce any seeds this year. Seedlings of the previous year are found only in small numbers bamboos yielded new culms more profusely than in previous years owing to better rainfall and restricted fellings. Coppice shoots of Sundra, Kodsha, Satin, etc., were satisfactory as also those of teak, but in coupes felled during the rains there is marked backwardness.

Karimnagar division.

59. Regeneration by coppice has been good all over the exploited area.

Nizamabad division.

60. Regeneration from seed was poor but that from coppice fairly good. Flowering of teak has been normal all over the division.

Coppice shoots in coupe 31, Manchippa block, felled in 1325 F., i.e., 15 years old. Height 25 ft. girth 18".

Warangal and Medak divisions.

Seedlings of teak, Abnus, Nallamaddi and Palas were found in almost all the forests especially in felled coupes where regeneration from coppice is especially good on account of heavy rainfall.

Nalgonda division.

62. Reproduction from teak seeds is sufficient and healthy and that from teak coppice is vigorous and promising in Bhongir range. Coppice regeneration of Sundra in Rajawaram and Peddamongal ranges is found at the rate of 6 to 13 shoots per stool.

Nirmal division.

63. The following interesting photograph shows Pachora waterfall and the surrounding beautiful forest growth.

64. Natural regeneration from teak (from seed) was quite profuse wherever the soil was suitable and mother trees available. This was especially the case in Chintaguda range. Moreover seedlings that died back have put forth strong young shoots. In lac areas the young growth of palas is coming up profusely and the seedlings are healthy, it has been attempted to convert the area into pure palas forests and to have young age classes ready to replace the existing old ones. Condition of coppice shoots is fairly promising all over the division.

Nanded division.

65. The natural reproduction from coppice has been quite satisfactory. Regeneration from seeds was plentiful but due to heavy rains, water logging and plentiful growth of grass and weeds, their condition is far from satisfactory and their survival doubtful.

Gulbarga division.

66. The growth of coppice shoots in areas worked has been good. Regeneration from seed is very unsatisfactory as most of the forests in the division are situated on hilly tracts. The small patches of sandal found in the protected forests show rather poor growth and they consist only of saplings and poles which will be seen from the photos given below.

Mahbubnagar division.

67. Reproduction from seeds of teak, yeppa and tirman occurs only in sheltered localities. Regeneration from coppice especially of teak is excellent throughout. The photographs given below show regeneration from coppice fellings made in 1333 and 1340 F.

(b) Artificial Regeneration.

68. Coupe No. 7 Durshed Babul Ban of Karimnagar division was clear felled during the year, regeneration of babul was attempted by broadcast sowing after wounding the soil, but the result is not satisfactory. The area will have to be resown after ploughing.

69. In Warangal division, broadcast sowing of teak and other species was done in coupe No. 1^a of

- Katrepalli in 1331 F. Number of seeds sown was 800, out of these 600 germinated, 308 plants are surviving now ; in addition to about 200 small root suckers.

70. In Jirmitia (Medak division), teak and nallamaddi seeds were sown but 75 per cent. seeds did not germinate. 8,600 Casuarina plants were obtained from Madras and were put in pits in the month of Shawar, out of these about 3,000 plants survived in Aban.

71. in Nalgonda division, an area of 20 acres of Gollaguda Rummali was sown with seeds of teak, satin, tirnan, sundra, etc., in about 2,000 pits, out of these seedlings of all the species excepting teak have sprung up in 608 pits.

72. A small nursery has been formed in Kinwat range of Nirmal division and nallamaddi seeds were sown, germination was good but excessive rainfall has done harm and subsequently overgrowth of weeds checked down most of the seedlings.

73. In Parbhani Babul Ban, 5 acres were sown broadcast with babul seeds after ploughing, germination completely failed in one acre while in the other four acres it was satisfactory. Similarly in one acre 16 guntas of Hingoli Babul Ban, babul seeds were sown broadcast after ploughing, the result is satisfactory. Two acres of Sendursena block of Basmath range, Nanded division, were sown broadcast with sandal seeds, out of which 50 per cent. have germinated. A blank of four acres in coupe No. 12, Khadi block was ploughed and teak seeds were sown in lines 6 feet apart, about 70 per cent. germinated. In addition to the above bamboo seeds were sown broadcast in Hingoli, Jintur and Mudhole ranges. As the seeds received and distributed late in the season the result is not yet known.

74. In Khammamett division, out of the sandal seeds sown in the previous years in Yellendu, Kallur, Jaslapur and Annapreddipalli ranges, only 82 plants from 6 to 28 months old are surviving. Out of the bamboo seeds sown in the above ranges, 2,248 culms survive. Forest over an area of 5 acres sold to the Deccan Mining Co., after being clear-felled, was

ploughed and sown with teak and boigu seeds and 1,300 teak seedlings were also transplanted, out of which only 65 survive due to long break in the monsoon just after the operation. Bulbils of *Agava Americana* are thriving in Tankapalli area of Annapreddipalli range and some more have been planted during the year.

**(c) Operations for the improvement of the
growing stock.**

75. Cleaning operations in an area of 643 and 185 acres were carried out in Yellandu and Burdharaghwa-pur ranges of Khammamett division also in an area of 2,600 acres of 31 coupes of the Karimnagar division. And in coupe No. 5 of northern and southern felling series Laxmipur block of Mahbubabad range in Warangal division.

76. Creepers and climbers were cut in Medak division.

77. Thinning operations were carried out in coupes No. 4 of Jalasingaram, Peerlapalli and Nagpur blocks of Nalgonda division and in coupes of Rasnam, Tirmallapur and Gundlepalli blocks of Gulburga division.

(d) Experiments.

78. In Khammamett division, sample plots are selected in *Dendrocalamus strictus* and *Bambusa arundinacea* areas in order to ascertain proportion of new culms reproduced.

79. In Karimnagar division, bamboo seedlings of 14 months old grown in the nursery of office compound were transplanted along the nala of Durshad Babul Ban, a few stems survived and the rest died off owing to hard clayed bed. Bamboo seedlings planted along the Divisional office compound wall have established themselves but the progress is rather slow due to hard murram soil. Sandal seeds were sown in selected plots but have not germinated.

EXPLOITATION.**SYSTEM OF MANAGEMENT.****1. Major Produce.**

80. Total area systematically exploited during the year in all the divisions was 33,043 acres against 34,393 acres felled in the previous year. Details of areas worked in different methods in 1339 and 1340 F. are shown below:—

System adopted.	1339 F.	1340 F.
1. Simple coppice ..	10,195	8,887 acres
2. Coppice with standards.	21,194	20,226 „
3. Improvement or selection fellings ..	2,963	3,899 „
4. Clear fellings with artificial regeneration	41	41 „
<hr/>		
Total ..	34,393	33,043 acres.
<hr/>		

81. Permits were issued for small gairee timber and firewood in some of the divisions to a limited extent. This was allowed only in those localities where systematic fellings have not been introduced or annual coupes are situated at a great distance.

2. Minor produce.

82. Bamboo fellings under sanctioned felling schemes were carried out over an area of 112,571 acres against 103,981 acres during the previous year.

83. As usual, other minor forest produce was sold by public auction. License vendors were appointed to collect grazing fees in some of the divisions.

84. In Nalgonda division, honey was collected departmentally at a cost of Rs. 84 and fetched a revenue of Rs. 100-5-0 against Rs. 183-8-0 in 1339 F.

AGENCY OF EXPLOITATION.

1. Departmental Agency.

85. Departmental working was not undertaken. The material obtained from cutting boundary lines or coupe lines was disposed of departmentally and fetched a revenue of Rs. 2,002.

(a) Propagation of lac.

86. Propagation of lac was undertaken in Warangal, Karimnagar, Nizamabad and Nirmal divisions. A large quantity of lac collected last year could not be sold due to want of demand and heavy fall in price.

(b) Tusser cultivation.

87. The Mulberry garden at Mahadeopur in Karimnagar division was maintained at a cost of Rs. 140-6-0. 18,757 cacoons were sent to the Conservator of Forests, Eastern Circle office for disposal. The transference of this garden to the Industrial Department is under contemplation. Besides cultivation of tusser was carried out in areas set apart for the purpose by the Kolli tribe.

(2) Purchasers.

88. All coupes were exploited by contractors wherever there was demand and labour available.

(3) Rights, Privileges and Free Grants.

89. In almost all the divisions, head-loads of fuel were allowed to be removed free of charge for agricultural and domestic purposes.

90. Free grazing was allowed in open forest areas

(4) Outturn and sources of forest produce.

91. The total outturn of forest produce during the year was as follows:—

Cuts	Timber	Fuel	Bamboo	Other minor products including loss collected by Revenue Officers
	CU.	CU.	R.	Rs.
Eastern ..	281,518	2,150,400	11,656	525,124
Western ..	136,288	1,167,640	13,704	335,389
Total ..	417,806	3,318,000	25,360	918,813
Concession of free grants ..	—	—	—	—
Grand total ..	417,806	3,318,000	25,360	918,813
Total for 1339 F. ..	583,443	2,330,690	31,232	1,226,804
Difference ..	165,637	978,400	5,872	307,991

92. Total revenue realised from major forest produce (timber and fuel) during 1339 and 1340 F. is shown below:—

Fash year	Eastern	Western	Total
1	2	3	4
	R	Rs.	Rs.
1339 F. ..	528,794	293,602	822,456
1340 F. ..	461,480	194,958	659,488
Difference ..	67,314	98,784	163,018

There is a deficit of Rs. 163,018 and this may be explained by a general fall in prices and specially those

of agricultural crops which considerably reduced the purchasing capacity of rural population and proportionately reduced the demand for forest produce. In fact some of the coupe contractors could not dispose of the material felled in coupes and had to suspend their fellings.

93. The revenue from minor forest produce amounted to Rs. 9,44,173 against Rs. 12,58,036 of the last year showing a decrease of Rs. 3,13,863 which may chiefly be attributed to abolition of grazing cess.

94. Details under principal heads of minor forest produce are given below as compared with the previous year:—

Items	1339 F.	1340 F.	Difference
1	2	3	4
	Rs.	Rs.	Rs.
1. Grass and grazing including cases ..	1,070,266	785,961	— 284,305
2. Bamboos ..	31,232	25,360	— 5,672
3. Bark and leaves ..	136,444	113,181	— 23,263

CHAPTER III.

FINANCIAL RESULTS.

95. The gross revenue amounts to Rs. 16,88,904 during the year under report as against Rs. 21,68,809 in the previous year, showing a decrease of Rs. 4,79,905.

96. The decrease is chiefly due:—

1. Abolition of grazing cess.
2. A general fall in prices which tended to bring down the prices of forest produce.
3. Considerable decrease in purchasing power of agricultural population who are the principal customers of forest produce.
4. Marked decrease in demand of forest produce.

97. Details under main heads of revenue are compared below:—

Items	COLLECTED BY FOREST DEPT.		COLLECTED BY REV. OFFICERS		TOTAL	
	1339 F.	1330 F.	1339 F.	1340 F.	1339 F.	1340 F.
1	2	3	4	5	6	7
Major produce ..	824,176	661,415	824,176	661,415
Minor produce ..	669,632	552,808	593,490	391,660	1,263,122	944,468
Miscellaneous ..	81,511	83,023	81,511	83,023
Total ..	1,575,319	1,297,246	593,490	391,660	2,168,809	1,688,906

98. Surplus of receipts over expenditure during the year under report amounted to Rs. 9,46,411 against Rs. 14,39,947 in the previous year showing a decrease of Rs. 4,93,536.

99. Details of surplus are compared below:—

Fasli year	Revenue collected	Expenditure incurred	Surplus	Percentage of expenditure to Revenue
	Rs.	Rs.	Rs.	
1339 F. ..	21,68,809	728,862	14,39,947	38.60
1340 F. ..	16,88,906	7,24,495	9,46,411	43.96
Difference ..	+ 4,79,903	— 13,633	+ 4,93,536	..

100. Details of expenditure under the two heads (1) A. Conservancy and Works and (2) B. Establishment are given below:—

Head	1941	1940 F.	Difference
1	2	3	4
A. Cons.	25,808	48,064	- 22,196
B. Est.	702,994	691,431	— 8,563
Total	728,802	742,495	- 13,693

It may be noted here that expenses incurred on—

1. Scholarships paid to the State students deputed for training, and
2. Pensions and allowances paid to the retired establishment of the department

are not included in the above figures because the statement has not been received from the Accountant-General.

The increase of Rs. 22,196 under A. Conservancy and Works as compared with last year is partly due to the fact that Rs. 17,500 expenses of the Survey of India Party were not shown last year. Making an allowance for the above figure there has been an actual increase of Rs. 4,696 in Conservancy expenditure under protection and improvement of forest in 1940 F.

The decrease under B. Establishment is mainly due to the fact that salaries drawn by the present Divisional Officers of Nanded, Karimnagar, Nizamabad and Medak divisions are less than those in the previous year. There was also a saving in the Conservator of Forests, Eastern Circle's salary, because the post was vacant for about three months during the year under report.

101. Detailed figures of revenue and expenditure under different heads are given in Form No. 19 appended to this report.

102. Form No. 20 attached to the report shows the distribution of expenses incurred in trade between production and operation costs and the percentage of expenditure to revenue of each.

Form No. 21.

103. The outstanding liabilities at the beginning of the year was Rs. 2,41,015 to which one account brought to light during the year amounting to Rs. 1,148 were added. Thus total outstanding amounted to Rs. 2,42,163, out of which Rs. 7,360 were written off as irrecoverable and Rs. 80,907 were recovered leaving a balance of Rs. 1,53,896 at the close of the year.

104. The current demands amounted to rupees 16,59,801 of which Rs. 15,51,351 were collected leaving a balance of Rs. 1,08,450 or about 6.63 per cent. of the demand against 1.28 of the previous year. The outstanding revenue for the current year is the largest in Nizamabad division—the amount being Rs. 41,800. This is due to inability of the contractors of coupes to sell the material obtained from auctioned coupes owing to general depression in the prices of agricultural produce. Next comes Asafabad, Medak, Mahbubnagar, Khammamett, Aurangabad, Nanded and Gulbarga divisions.

105. Form No. 22 exhibits the amounts held in deposits on account of attached jagirs and inam lands. Rs. 23,179 were in deposits at the commencement of the year to which Rs. 291 relating to Medak division were added during the year under report thus making a total of Rs. 23,470.

106. Total financial results of the year are shown in Form No. 23 which show a deficit of Rs. 4,79,903.

CHAPTER IV. ADMINISTRATION.

107. The undersigned held the post of the Inspector-General of Forests throughout the year (excepting for a period of 30 days—from 12th Sharewar to 10th Meher)—when Mr. Mirza Mohamad Ali Beg, Conservator of Forests, Western Circle, was officiating) and toured for 94 days visiting the forests of all the divisions excepting Khammamett. In addition to this he supervised the work of the Eastern Circle from 1st Azur to

107. Mr. Mirza Monamad Ali Beg (Inspector-General of Forests, Western Circle) spent 14 days (in charge) visiting the Forests of Warangal, Karimnagar, and Medak divisions.

108. Mr. Mirza Monamad Ali Beg, Conservator, was in charge of the Western Circle, excepting the period specified above. He spent 126 days in camp out of 335 days in charge during the year under report visiting the forests of all the divisions of his circle and inspected the Divisional Forest office, Nirmal, and Range offices of Komurmal of Gulbarga division, Bijjur, Audam and Yanampalli of Asafabad division.

He has submitted the following reports during the year:—

1. Note on sandal wood.
2. Note on Gulmohwa.
3. Note on afforestation of Shorapur and Tolwargira forest blocks of Gulbarga division.

109. Mr. Mirza Mohamad Ali worked as P.A. to the Inspector-General of Forests from 1st Azur to 3rd Ardibehist when he availed himself of the pilgrimage leave for a period of six months. During his leave, he was transferred as P.A. to Conservator, Western Circle. At the expiry of his leave, he joined the Conservator of Forests, Western Circle's office on the 4th of Aban where he worked till the end of the year.

110. Mr. Syed Hyder Hussain remained in charge of Warangal division from 1st Azur to 30th Farwardi and due to his transfer took charge of office of P.A. to Inspector-General of Forests on the 26th of Ardibehist. He availed himself of leave from 31st Farwardi to 21st Ardibehist and again from 4th to 13th Thir. He acted for Conservator, Western Circle, from 12th Sharewar to 10th Meher when Mr. Mirza Mohamad Ali Beg was officiating for Inspector-General.

111. Mr. Mohamad Moula Baksh worked as Divisional Forest Officer, Karimnagar, from 1st Azur to 27th Bahman when he was appointed as Conservator, Eastern Circle, on probation for one year. He took charge of Office of Conservator on the 5th Isfandar and

ended till the close of the year. He spent 37 days in camp out of 87 days in charge of Karinnagar division. He toured for 100 days out of 272 days in charge of the circle as Conservator, Eastern Circle, visiting the forests of all the divisions of his circle excepting Karinnagar. In addition to the abovementioned days spent on tour, he spent 11 days in Ootacamund where he went to give evidence before the Tariff Board in connection with a report on the prospects of Paper Manufacture in the State.

He inspected Divisional Forest Offices of Warangal, Medak and Khammam divisions and Range offices of Yeldurti (Medak), Banskota and Manchippa (Nizamabad), Yellandu (Khammam) and Bhongir (Nalgonda division).

112. Dr. Gullam Mohiuddin, P.A. to Conservator, Eastern Circle, was deputed to the Mint from 9th Azar for six months for supervising the Kiln Seasoning Plant, when Dr. Gullam Rasool, Sub-Assistant Conservator, worked as P.A. from 11th Dai to 21st Khurdad and again from 31st Khurdad to the end of the year. Dr. Gullam Mohiuddin was subsequently transferred to the Working Plans Party, Eastern Circle, and he took charge of the Party on the 3rd Thir and worked till the close of the year.

113. Mr. Syed Ejad Ali worked as P.A. to Conservator, Western Circle, from 1st Azar to 11th Khurdad when he was transferred to Nalgonda division. From 26th Thir to 3rd Aban Mr. Syed Fariuddin Khan, Divisional Forest Officer, Medak, worked as P.A. to Conservator, Western Circle, after which Mr. Mirza Mohamad Ali took charge of office on the 4th of Aban and worked till the end of the year.

114. Mr. Mohamad Ali Jeddi, Divisional Forest Officer, Gulbarga division, was retired on pension. Mr. B. K. Ramaswami Aiyengar, Sub-Assistant Conservator, Warangal, temporarily took charge of the division on the 8th of Aban.

[Statement.]

115. Form No. 24 shows the list of controlling officers of the department for the year under report and the statement given below shows the charges held by the Divisional Forest Officers and Sub-Assistant Conservators and the amount of touring done by them as well:—

CHAPTER V.

General Remarks.

117. Form No. 25 appended to this report shows details of application for pattas.

Opinion to grant of patta was given for an area of 228 acres in Warangal, 43 acres 7 guntas in Khammam and 114 acres, 31 guntas in Asafabad divisions from open forests. The number of applications pending disposal in Warangal, Karimnagar, Medak and Nalgonda divisions was 28 at the close of the year against 17 of the previous year.

Seasoning Plant.

118. Dr. Gullam Mohiuddin, P.A. to Conservator of Forests, Eastern Circle was deputed to the Mint to supervise the working of the seasoning plant from the 9th Azar for six months. He prepared a note on the progress of the timber seasoning plant and submitted it to a Committee held at the Mint on the 18th of Meher 1340 F. It was recommended by the Committee that Dr. Gullam Mohiuddin may visit Mysore and report in the seasoning work at Chamarajendra Institute, Mysore State. Accordingly sanction of the Government was requested to the deputation for a short period.

Mahbubabad Match Factory.

119. The following soft wooded species were consumed by the Osmania Match Factory at Mahbubabad, Anduk, Dorgu, Cargu and Cheddipa were used for splints and match boxes. Gumpena, Kumarpanki, Tellapanki and Tabsi are utilised for packing cases.

Consumption of *Bombax malabaricum* (Borgu) is gradually increasing.

During the first two years, wood for the use of Match Factory was extracted from Mahbubabad and Gudur Ranges of Warangal division but in third year, i.e., 1840 F., Narasampett Range of the same division was also tapped.

[Statement

Total quantities of wood of all kinds extracted from different ranges, and revenue realised therefrom during 1936, 1939 and 1940 F. A. S. are as follows:—

Year	Mahabubabad Range		Chilakur Range		Narasimharajpet Range		Total	
	Quantity in cu ft	Revenue in Rs	Quantity in cu ft	Revenue in Rs	Quantity in cu ft	Revenue in Rs	Quantity in cu ft	Revenue in Rs
1936	—	—	—	—	—	—	—	—
1939	—	—	—	—	—	—	—	—
1940	—	—	—	—	—	—	—	—
		Rs		Rs		Rs		Rs
1936 F.	5,760	576	7,550	755			13,310	1,331
1939 F.	1,070	407	12,210	1,221			13,280	1,628
1940 F.	6,400	640	21,080	2,108	5,920	592	33,400	3,640

From the above figures, it is seen that the consumption of wood and consequently the revenue derived therefrom has steadily increased.

To check the fellings of these soft wooded species, every range area has been divided into coupes of small size from 300 to 500 acres. Manager of the Factory has been asked to tap the coupes serially one after another dressing the stumps properly.

Hyderabad Fuel Depot.

120. As stated in para. 109 of the last year's report, the work of the depôt was started from 5th of Khurdad and the Hyderabad H. C. contractor imported 6,767 maunds of fuel out of which 5,301 maunds were sold for Rs. 3,820-11-2 to about 1,200 persons.

Forest School, Mahbubabad.

121. This was the third year of the school. Mr. Aiyengar was in charge of the school throughout the year.

... classes at the commence-

...	10
...	.	..	2
...	14
...	20
Total ..			<u>46</u>

Mr. G. N. Rajoo Naidu, Forest Ranger, Mah-
... as Assistant Superintendent in addi-
...

The examination results were as follows:—

1. Out of 10 students in Dy. Rangers' class, 6 passed in High Standard, 3 in Lower Standard and one failed who, having obtained the minimum marks required for Foresters' class, was awarded a Forester's certificate.

2. Both the students of the Surveyor's class passed.

3. Out of 11 students in Foresters' class, 8 passed in High and 6 in Lower standard.

4. Of the 20 students in Forest Guards' class, 3 left the school due to ill-health, 11 passed in Higher and 6 in Lower standard.

The Director-General of Revenue, while on tour at Mahbubabad, was pleased to inspect the school during the year and as per his remarks, proposals to put the school on a permanent basis have been submitted to Government for sanction.

122. Sanction of Government to the abolition of Bigawan system in Asafabad district is awaited. It seems that the Government has referred the matter to the Subadar of Warangal who has also given his consent to the abolition of this system.

123. Data was collected by Messrs. Mohamed Moula Baksh and Vasudeo Rao Nakhre regarding bamboos, etc., for paper pulp and a Note was prepared

- and submitted to the Director-General and Secretary, Commerce and Industries Department by Mr. Mohamad Mulla Baksh.

124. New grazing rules were framed and submitted to Government for sanction.

125. As usual, general area statement is attached to this report.

126. The following table shows the dates on which the Conservators' and Divisional Forest Officers', etc., reports were received in the office of the Inspector-General of Forests.

		Date of receipt.
1.	Divisional Forest Officer, Nanded	25-1-1341 F.
